

# interserver.net

Be prepared with:

-Credit card or paypal account. (\$50-60)

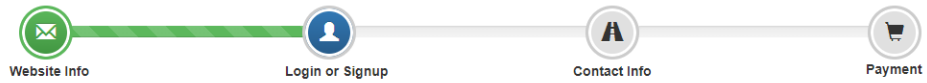

-email address that you have access to, but don't need to check regularly (assume you will get some spam here)

The screenshot shows the interserver.net website with a dark blue background. At the top, there is a navigation bar with the logo 'interServer.net' and links for 'WEB HOSTING', 'CLOUD VPS', 'SERVERS', 'TIPS', and 'ABOUT'. A 'LOGIN' button is also present. Below the navigation bar, there is a large promotional banner for 'STANDARD WEB HOSTING'. The banner features an illustration of server racks and a cloud icon. The main text on the banner reads '\$4.00/Month STANDARD WEB HOSTING'. Below this, there is a paragraph of text: 'Put your business online or blog about the latest memes. This one size fits all web hosting package is the perfect place to start. Our 24/7 managed support and straight forward pricing is why customers choose to stay with us for life.' At the bottom of the banner, there are two pricing options: '1 Year: \$54 (\$4.50/Mo) Renewal \$54' and '3 Year: \$144 (\$4.00/Mo) Renewal \$144'. A 'BUY NOW' button is located at the bottom right of the banner.

Click 'buy now'

Choose a domain name. This is your brand. Keep it easy to communicate and professional. Use a .com if at all possible.
