

# Toggle Display

---

Read the following tutorial:

[https://www.w3schools.com/howto/howto\\_js\\_toggle\\_hide\\_show.asp](https://www.w3schools.com/howto/howto_js_toggle_hide_show.asp)

Create a toggle-able drop-down menu of links to some of your other projects.  
Post this page to your wordpress site as part of your JavaScript exercises.
