

Web Space for Interactive Design

<http://asmallorange.com/hosting/shared/>

Step 1:

The image shows three hosting plans side-by-side. The first is 'Tiny Plan' for \$35 per year, offering 500 MB storage, 5 GB bandwidth, 1 Domain, and 24/7 Email + Live Chat Support. The second is 'Small Plan' for \$5 per month, offering 5GB storage, 50GB bandwidth, Unlimited Domains, and 24/7 Email + Live Chat Support. The third is 'Medium Plan' for \$10 per month, offering 15GB storage, 150GB bandwidth, Unlimited Domains, and 24/7 Email + Live Chat Support. A blue arrow points to the Small Plan, which is labeled 'MOST POPULAR PLAN'.

Click on 'Small'

Step 2:

Double-check that your hosting product is Shared Hosting – Small. I'd suggest being billed annually rather than every month.

Please Select A Hosting Product:

Hosting Product

Shared Hosting - Small

Billing Cycle:

Annually - \$50.00 (Save 17%!)

Please choose a domain to use with your hosting plan:

I WANT TO REGISTER A NEW DOMAIN

I ALREADY HAVE A DOMAIN

Click 'I want to Register a New Domain'

Step 3:

The image shows a domain registration form. The first input field contains 'blahblahStuff' and the second contains '.com'. A blue arrow points to the first field. A 'Search' button is to the right. Below is a green success message: 'Congratulations! Your domain is available. Please select it from the dropdown box.' Below that is a dropdown menu showing '\$[15.00] blahblahstuff.com' with a blue arrow pointing to it. To the right of the dropdown is a radio button and the text 'I want to register this domain privately (\$7/year)' with a blue arrow pointing to the radio button.

Type a domain name into the box. Click 'search' to find out if that domain is available.

Select the domain from the dropdown (use .com – who on earth uses .info?)

Do NOT register the domain privately

Step 6:

Fill out your information.

Use the promo code: gWFrA

(this might change—if it doesn't work, send me an email)

Step 7:

Reject any other offers.

Step 8:

Double-check that your final order looks something like this:

ITEM	DUE TODAY	DUE ANNUALLY
Small	\$42.50	\$50.00
blahblahstuff.com	\$0.00	
Total	\$42.50	\$50.00

Step 9:

Complete your order.

When you have finished, you should receive an email confirmation.

Follow the instructions in the email to set a password for the cPanel account.
