

Faculty Approval of Senior Thesis Preproduction

Student Name _____

Project Title _____

Faculty Member _____

Approval should only be granted if, in your estimation, all of the following are met:

- Student has presented sufficient preproduction (storyboard/animatic, character designs, floorplan, flow-charts, mock-ups, etc) to communicate this project clearly.
- Student has requisite abilities to complete the proposed project at professional quality within the time constraints.
- Student demonstrates an understanding of the social and ethical implications of the proposed project.
- Proposed project is artistically, theoretically and/or narratively sound enough to warrant production.
